

following order: Gillespie first and Stephens second. Five minutes later Doc Middleton arrived and went through the same performance. The horses were in good condition, apparently as fresh as when they started. After watering their horses they departed together. Sioux City is sixty-five miles from this place, there is an excellent road, and they will without doubt arrive there to-morrow. Dr. Middleton had to forbid the pulling of hair from the tail of his horse, as he was so much of people to get mementoes of the race. The other racers are expected about midnight.

A dispatch from O'Neill, Neb., says: All the riders in the cowboy race to the world's fair have registered here. John Berry registered at 11 o'clock Saturday night and started at 12:15 this morning. John A. Jones registered at 6 o'clock Sunday morning and left at 6 o'clock P. M. Campbell came in at 11:25 A. M., and after registering started on east without stopping. All the men and horses were in excellent condition. Joe Douglas, riding Mike Emore's horse, arrived at 1:25 A. M., and abandoned the race here as he is not feeling well. The horses are in the condition, and their owner, Mr. Emore, would like to have them finish the race. The humane officers and local committee of Chadron left for Sioux City this morning, where they expect to meet Middleton, Joe Gillespie and Jim Stephens to-night.

Mr. Havens Says Nobody Was Slighted.

To the Editor of the Indianapolis Journal.

The time has gone by for answering the fault-finder, the grumbler and the kicker in regard to Indiana, its board of managers and its standing at the world's fair. The charge that the board of managers or any of its committees have ever put a slight upon the citizens of Indiana or upon any citizen of the country is absolutely without foundation. The matter of invitations to the dedication of the Indiana building on June 15 was fully discussed by the committee appointed to have charge of the ceremonies on that day. The committee in charge of issuing invitations, after a full discussion of the matter, decided that they would only issue personal invitations to the national board, exposition company officials, and state and foreign commissioners, all of which are officially represented inside of Jackson Park. The committee discussed the question of sending invitations to the officials of the State of Indiana, both State and county, and the prominent people of the State, including the school children who had made contributions toward the work in the hands of the board and exhibitors. To have issued the great number of invitations necessary would have necessitated a large expense upon the board, and it was decided to have been slighted to whom invitations would have been due, and the committee, after mature deliberation, decided that they would publish only one extended list of citizens of Indiana. The Governor was invited to deliver an address. Every citizen was placed on the same equality in the matter of invitations. There was no special invitation, in fact, there was not an invitation sent to Indiana from this office to my knowledge. The committee did what they thought was correct and proper in my judgment, did the correct and proper thing when they invited all our people without regard to place or position.

LEAP FROM BROOKLYN BRIDGE.

A Stranger Takes the Plunge and Is Dashed to Pieces One Hundred Feet Below.

NEW YORK, June 18.—An unknown man, about twenty-five years old, jumped from the north roadway of the Brooklyn bridge this evening, and landed on the roof of the shed of a pier. He was instantly killed. The man was first seen by a bridge policeman just as he was vaulting over the railing of the bridge. He fell a hundred feet, his body striking the roof of the shed with such force that the timber was broken and the tin covering bent and twisted.

From papers on the person of the dead man it was supposed that his name was John J. Sullivan, an Irishman, who was a letter signed Maggie McInerlin, saying that the writer was about to undergo a dangerous operation at a hospital. The writer of the letter was supposed to have been the wife of the dead man. One theory of the suicide is that the woman, having died of the effects of the operation, the husband, crazed with grief, took his own life.

LOOK AT THE SIZE OF THE ORDINARY PILL.

Think of all the trouble and distress caused by a cold. Wouldn't you welcome some-thing that would cure a cold, and at the same time it did you good?

That is the case with Dr. Pierce's Pleasant Pellets. They're the smallest in size, the mildest in action, but the most thorough and far-reaching in results. They follow nature's methods, and they give relief that lasts. Constipation, indigestion, Bilious Attacks, Sick and Bloating Headaches, and all derangements of the liver, stomach and bowels are promptly relieved and permanently cured.

"If we can't cure your Catarrh, no matter how long you suffer from it, we'll pay you \$500 in cash." That is the promise made by the proprietors of Dr. Sage's Catarrh Remedy. Doesn't it prove, better than any words could, that this is a remedy that cures Catarrh? Costs only 50 cents.

Fourteen-Year-Old Girl at Nobleville Commits Suicide in a Cool Way.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Nobleville, Ind., June 18.—Anna Mahan, fourteen years old, committed suicide by swallowing carbolic acid, at 8 o'clock this evening. After swallowing the dose she told her father she had taken something to kill herself and asked him to smell her breath. She died in fifteen minutes, and before a physician could be procured.

FIVE UNDER ARREST.

Allen County Sheriff Returns from Edgerton, the Scene of Saturday's Murder.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Fort Wayne, Ind., June 18.—Sheriff Clauser and posse returned from Edgerton early this morning, having succeeded in arresting the principals in the fight which resulted in the double murder last night. They rode past the town on the freight train. The caboose was dark and it was thought the officers were not on the train. This gave the guilty ones a breathing spell. The officers left the train a short distance east of the Ohio State line, thus being enabled to drive them back into Indiana, and the following were arrested: Hugh Crye, Jr., Budd Crye, both sons of one of the murdered saloon keepers; Joseph Deal, his bartender, and Emerson Deal, his son, together with Louis Boner, son of the victim of the fatal shot, are now in jail in this city. Other arrests will be made, as it is not certain that any of the party in jail committed either of the murders.

SHOT DOWN BY A BURGLAR.

Fate of an Allen County Farmer, Who Found Thieves in His House.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Fort Wayne, Ind., June 17.—Late last night two burglars entered the farm residence of Joseph Benreiter, near New Haven, this county. Mr. Benreiter heard them, and got out of bed to investigate, but was met by a masked man, who shot him down without warning. The bullet went clear through the body just below the heart. The wounded man lingered in great agony until this morning, when he died. The burglars escaped, but a man who fired the fatal shot was arrested by the police at noon, to-day, and is now in jail here.

TWO BAD BOYS.

They Plan and Execute a Saloon Robbery, and Both Are Under Arrest.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Seymour, Ind., June 18.—On Saturday afternoon George McDuff and Joseph Swain, two boys of this city, aged twenty and seventeen years, respectively, went to North Vernon. They hung around the streets and Wash Wilson's saloon, at that place, until late a hour, when McDuff left the saloon. In a short time Swaine called Wilson out of the front door, and engaged him in conversation. In the mean time McDuff slipped around the back way, and entering the saloon, robbed the money drawer of \$53, and, passing out the same way he had come, went to the depot and took the train for this city. Mr. Wilson discovered the robbery immediately upon entering the saloon. He notified the officers, and Swaine was captured before he had time to escape. A telegram from the marshal of North Vernon to officer Thixton, of this place, caused McDuff to be arrested at his mother's home, about 10 o'clock. Upon hearing the news of the officer upon the door, McDuff tried to escape through a rear window, but was being confronted by a man who was a volunteer, gave himself up and was taken to North Vernon on the 4:25 train.

The boys have highly respected parents, but are very vicious and each has been guilty of various infractions of law.

BANK CLOSED ITS DOORS.

Citizens' Bank, of Converse, Suffers from Financial Stringency.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Converse, Ind., June 18.—The Citizens' Bank, of Converse, failed to open its doors yesterday morning, and posted thereon a notice to the effect that the bank had suspended payment, and that owing to a gradual withdrawal of deposits and its inability to realize on securities it was unable to maintain its reserve, and had made a deed of trust to Roscoe Kimple, covering all property of the firm. The liabilities are less than \$10,000, while the assets exceed \$20,000. At a meeting of creditors to-day plans were put on foot to enable the bank to resume at once, as confidence seems now fully restored. Mark Tully's Exchange Bank was the only bank of much consequence in the opening of its doors yesterday. A run was only prevented by posting a guarantee to all depositors signed by twenty-five substantial farmers and business men. The excitement is now thought to be over.

Cranium of a Mastodon.

SPECIAL TO THE INDIANAPOLIS JOURNAL.

Borden, Ind., June 18.—The Borden Institute cabinet has just received some interesting archeological remains from the neighborhood of the Kentucky river. The most interesting is a mastodon skull from the Lowmister farm, at Carrollton, Ky. Professor Borden has secured this cranium, and is now engaged in preserving and mounting the same, preparatory to sending it to his archeological exhibit at the world's fair. This cranium, in connection with many other bones of extinct animals, from Big Bone Lick, renders the Professor's collection one of the most valuable in this country. The skull has been perfectly preserved in its bed of blue clay, and the associated dirt materials show the exact position of the teeth and jaw. The teeth and jaw are of a fine, pearly, almost white color, and are of a shape and form which show it to be of the species known as mastodon Ohioensis.

BIG FIRES IN WISCONSIN

Iron River, a Lumber Town of 2,000 Souls, Threatened with Destruction.

One Year Ago the Place Was Entirely Wiped Out by Flames—\$300,000 Blaze Breaks Out in the Business District at Chicago.

ASHLAND, Wis., June 18.—Iron River, a thriving lumber town of over 2,000 population, twenty miles from Ashland, is in flames and is likely to be entirely wiped out. The fire caught on the outskirts of the village from forest fire, destroying a new schoolhouse, the Congregational and the Catholic churches and Healey & Hutton's big warehouse. The fire started about 2 o'clock, and at 6 o'clock the entire residence portion of the city was in flames. Help was called from Ashland and a special train sent out with a detachment of the firemen from here. At 10 o'clock the special jumped the track, causing several hours' delay, but no one was injured. The loss is estimated at \$300,000.

Forest fires have been raging all through northern Wisconsin, causing the hot air to sweep this section like hot winds on the desert. Washburn had a close shave, and fire has made a heavy sweep in and about White River. It is likely to sweep south and burn millions of feet of standing pine. The lumbermen have been working hard to prevent the fire from spreading, but the latest advice from Iron River state that the town is gone. The wires on the electric line have been cut, and the poles being burned away. The department has been fighting the fire since 8 o'clock this morning.

Devastated by Forest Fires.

Duluth, Minn., June 18.—The towns of Virginia and Mountain Iron, on the Duluth, Mesabie & Northern road, have been destroyed by forest fire, which have been raging for a week. Mesabie and Biwabik, on the Duluth & Iron Range, were also visited by serious fire, and Tower had a like experience. There are 2,000 people in the towns, and the people are in a state of great alarm. ARMY BILL MAY SQUEEZE IN

Returns from the Berlin Elections Show a Small Majority Against It.

Count Herbert Bismarck's Flattering Victory—Policemen and Citizens Killed at Political Meetings in Austria.

THE GERMAN ELECTION.

The Government Now Stands a Chance for a Majority for the Army Bill.

BERLIN, June 18.—The election returns were virtually complete at 3 o'clock this afternoon. The report from only one district was then lacking. The revision of the returns may necessitate a few alterations, but they will be trivial. The candidates elected number 215. Of these 101 will vote for the army bill and 114 against it. In the following list by parties the Anti-Semite Conservatives are included with the Conservatives and the independents are treated as members of the parties with which they affiliate in the Reichstag.

Liberals: 88; Social Democrats, 29; Conservatives, 44; National Liberals, 18; Radical Unionists who favor the bill, 4; Poles, 12; Free Conservatives, 10; Clericals favorable to bill, 11; Catholics, 7; Social Democrats, 4; Anti-Semites, 3, two of them favoring the bill; Bavarian Agrarians, 2; Guelphs, 1; Danes, 1; Bavarian Separatists, 1; Reichs-ists, none.

Among the candidates in the 181 new ballots there were 100 Liberals, 52 Conservatives, 3 Agrarians, 7 Free Conservatives, 72 National Liberals, 30 Clericals, 77 Social Democrats, 11 ranged Catholics, 35 Reichs-ists, 16 Anti-Semites and 8 Guelphs.

As was expected, the latest returns have slightly increased the list of members on whom the government can rely for support. While the victories of the Social Democrats have been regarded with alarm, their immediate effect on the fate of the army bill will be more than offset by the losses of Reichs-ist Radicals. After four hours in conference yesterday afternoon the Ministers who had met the Chancellor to discuss the results of the election, decided that, in the view of the recent returns, it would be superfluous and inexpedient to issue an appeal to the country before the second ballot.

On Friday several Ministers favored this mode of arousing the voters to support government candidates, but on Saturday the Ministers were still in favor of the plan. The great majority of the Ministers are confident that by means of a Conservative, Free National and National Liberal combination they can secure a large number of seats at the second ballots from the Reichs-ists and Clericals. Speculators on the house took a sanguine view of the government's prospects in the second ballots. Imperial and Prussian stocks, which weak-

ened on Friday, were strong yesterday in consequence of the reports that the government would have a small majority at the opening of the Reichstag.

Count Herbert Bismarck, who was elected by the Agrarians in the Jochow district, received 11,699 votes, to 6,848 cast for Ferdinand Wollmer, Radical, who was the leader of the district. He has been a Social Democrat candidate, received 4,341 votes. Count Herbert's majority over all, therefore, was 480. He polled the full quota of votes for the conservative vote, which for the first ballot in 1890, was 11,182. The Radical vote in 1890 was 9,664, and the Socialist vote 2,487.

Army Bill Will Go Through.

LONDON, June 18.—The Berlin correspondent of the Daily News says: "There cannot be the slightest doubt that the army bill will be passed with a good majority. The Standard's Berlin correspondent expresses the same opinion, somewhat less emphatically."

LIBERTY OR DEATH.

Bloody Fight with Officers at a Universal Suffrage Meeting.

VIENNA, June 18.—Five thousand workmen, in defiance of a police prohibition, held a meeting in favor of universal suffrage, at Weisseneberg, outside of Bruenn, to-day. When the police officers attempted to disperse the meeting, they were received with a volley from revolvers and a shower of stones. A number of police were killed, and five policemen were seriously injured. On the other side, twenty-six workmen were wounded. A universal suffrage meeting was held in Prague, at a similar encounter, in which thirteen policemen and fourteen workmen were killed, and one workman was killed.

Bismarck Made a Speech.

BERLIN, June 18.—Thirty-five hundred Mecklenburgers went to Friederichshagen to-day to pay homage to Bismarck. With them there were 5,000 Hamburgers. The Prince made a long speech, in which he alluded to the day of Waterloo and the day of Sedan. He was enthusiastically cheered. The Prince looked hearty, and was not at all affected by the extreme heat. The thermometer registered 80° Fahrenheit in the shade.

SUBURBAN GOSSIP.

Several Strong Horses Out of the Race and Result Is Uncertain.

NEW YORK, June 18.—One week ago the Suburban handicap, which will be run at Sheepshead Bay Tuesday, gave promise of being the most brilliant contest of the kind seen in years, but in the short space of seven days Tammany, the great rival of Lamplighter, his Highness, a four-year-old, reared at the Coney Island track, has been declared the winner of the Brooklyn handicap this spring, and in all probability, Pessara, winner of the Metropolitan handicap in 1893, have gone amiss and will not face the starter for the Coney Island handicap.

Must not imagine, however, that the disbanding of the horses named will make the Suburban a certainty for Lamplighter, as Mr. Louisa's champion carries 120 pounds, and meets such heavy horses as Banquet, Charade, Dr. Hasbrouck, Mars, The Pepper and Lowlander. Therefore, the race will be a very close one, and having so many good horses unable to take part in the Suburban is to be deplored, there is no doubt that the attendance Tuesday will be very large.

Lamplighter received his final preparation for the Suburban at Sheepshead Bay. He is regarded by a competent judge as the best horse in the country. Every body admits that Banquet will be Lamplighter's most dangerous opponent Tuesday. The little gelding's mile and a quarter race at the Coney Island track, on June 10, was a very close one, and he carried 120 pounds up, is the best performance of the season from a time standpoint. Mr. Dwyer will, unless he changes his mind, start Banquet in the Suburban, and he will be a very close competitor of Lamplighter.

Charade's easy victory in the Metropolitan Handicap at Morris Park made some close observers think that the black colt had a good chance of winning the Suburban. He has carefully followed the career of the son of Charaxus, and has always maintained that the distance is a trifle too far for him. He had a race at Sheepshead Bay on Saturday was a sort of trial for the Suburban. This great sprinter has not been asked to run over a mile, except on a few occasions, and there has always been the gravest doubts as to his staying powers.
